

50kW Solar-Powered Containerized Wastewater Treatment Plant in Nigeria

48V 100Ah

Overview

One Nigerian state plans to construct a solar-powered water treatment plant, which will help supply safe drinking water to thousands of local families. Where is the largest solar project in Nigeria?

1. FEDERAL UNIVERSITY OF AGRICULTURE, MAKURDI (FUNAI) 8. 25 MW The off-grid, solar PV-hybrid plant is located on the campus of FUNAI, Benue State, in the North Central part of the country. The solar micro-power sewage treatment equipment generates electricity through solar photovoltaic panels to drive an efficient sewage purification process. In addition to supplying clean drinking water. Here is a story told by our salesman Gunter about how he traveled to Nigeria and successfully installed our wastewater treatment ClearFox® containerized system there. Design, Deployment & Operation of Solar PV Systems in over 100 sites (about 2MW) in Nigeria. 50kW Solar System for Dominance Hotel, Ibadan Mini-Grid Project Development: Carried out. PROVIDING SUSTAINABLE SOLUTIONS IN SOLAR PV, WATER AND WASTEWATER TREATMENT. Transforming your world for over 20 years with clean, low-cost solutions.
