

70 ah lithium battery

Overview

A 70Ah lithium battery is a rechargeable energy storage device with a capacity of 70 ampere-hours. This capacity indicates how much electric current the battery can supply over one hour. Lithium batteries are known for their efficiency, light weight, and long cycle life. Check each product page for other buying options. Its Bluetooth monitoring makes checking real-time data straightforward, and the 4000+ cycle life means it will last years. The most versatile battery of the 12V lineup with a large capacity. Read Full Description Add a Battery Charger?

Please note that due to federal battery regulations, this item may only be shipped via. Wide operating range from -30°C to 70°C (-22°F to 158°F). Powerful output with 720 CCA and 120 RC for reliable starts. Compatible replacement for BCI Group 48 (12V 70Ah) batteries. Delivery time: 1-3 business days. Shipping Policy This 70Ah. 12V 70Ah Battery Is LiFePo4 Rechargeable Battery To Replace the Lead Acid Battery Consider MANLY Battery for a dependable and high-performance 12V lithium battery. Can be used in series 24V, 36V, or 48V applications.
