

Airport Ukrainian Outdoor Container Three-Phase

Overview

In a major deep-strike operation, Ukraine's Special Operations Forces destroyed Russian storage and launch facilities for the Shahed kamikaze drones in temporarily occupied Donetsk on the evening of November 5. The target was located within the territory of the former Donetsk. It was reported in Ukraine that a Ukrainian Antonov An-124 cargo plane landed at Ben Gurion Airport, loaded an unmarked 12-meter container and took off. According to reports, similar containers have been identified in the past as carrying air defense batteries. Found a mistake?
