

# An photovoltaic panel scam

## Overview

---

If you've received an offer for "free solar panels," it could be a scam. Always look for businesses you can trust - like Accredited Businesses using the BBB Seal. Someone contacts you through email, phone, social media, or even in person pretending to be a solar company. Find a solar panel installer today! We've all been sent scammy emails and they'll slip through because it looks much more official than it is. Steer clear of any emails, social media posts or pop-ups that boast unlikely amenities and freebies. These might include free solar panels, sales ending. While reputable companies can help you save money with clean or solar energy improvements, scammers offer more than they can deliver. As more families consider solar energy improvements, dishonest companies exploit the fine print in solar panel. This article explores the most common solar panel scams, provides tips to recognize red flags, and offers guidance on protecting yourself from fraudulent solar companies. This site receives compensation from the companies featured in this listing, which may impact where and how products appear.
