

BESS energy storage prices in Argentina

Overview

Contract prices settled between \$10,161 and \$12,815 per MW-month, comfortably below the reference price of \$15,000/MW-month set by CAMMESA, the market's administrator. Businesses across Buenos Aires and Córdoba are scrambling for cheap battery energy storage systems (BESS) to slash power bills. With solar tariffs rising and grid instability worsening, companies need cost-effective BESS suppliers delivering under \$280/kWh – fast. Short paragraph punch: A 2025. Argentina has taken a decisive step toward modernising its electricity infrastructure with the conclusion of its first large-scale battery energy storage tender, awarding 667 MW of capacity —a significant 30% above the original 500 MW target. Nearly half of the volume submitted for the tender (1.3 GW) has been awarded by the wholesale market operator CAMMESA (Compañía Administradora del Mercado Mayorista Eléctrico Sociedad). This article explores BESS pricing, market trends, and practical applications tailored for Argentina's capital city – helping businesses and communities make informed decisions. Buenos Aires faces unique energy challenges: aging grid infrastructure, frequent weather disruptions, and growing demand.

BESS energy storage prices in Argentina

[Argentina Awards 667 MW in First Battery Energy Storage Tender to ...](#)

In response to this robust demand and lower-than-expected pricing, the government expanded the award pool. Contract prices settled between \$10,161 and \$12,815 per MW-month, ...

[Argentina opens tender to contract 500 MW of BESS capacity around](#)

The Ministry of Economy of Argentina has issued a national and international open call "GBA Storage -AlmaGBA", aimed at contracting 500 MW of electric energy storage plants in critical ...

[Argentina's oversubscribed BESS tender draws record-low bids](#)

Awarded prices ranged from \$10,161 to \$12,400/MW/month, with a weighted average of \$11,336/MW/month. The Edenor concession area will host 440 MW, while Edesur will receive 77 MW.

[Argentina awards 667 MW in first battery storage tender](#)

Argentina has concluded its first battery energy storage (BESS) tender, awarding 667 MW of projects--well above the 500 MW target--after receiving bids totaling 1,347 MW from 15 ...

Argentina awards 667MW in first energy storage tender

The lowest price awarded was US\$10,161/MW/month, while the highest price awarded was US\$12,815/MW/month. Most of the capacity awarded in the tender will be contracted through ...

Argentina's 1st BESS tender awards 667 MW of projects , Energy Storage

Argentina's government said on Monday it has awarded contracts for 667 MW of capacity in its first tender dedicated to battery energy storage systems (BESS), exceeding its original 500-MW ...

Buenos Aires Outdoor Power Supply BESS Price: Trends....

This article explores BESS pricing, market trends, and practical applications tailored for Argentina's capital city - helping businesses and communities make informed decisions.

[Detailed Report on Argentina's Electrochemical Energy Storage Market](#)

Argentina's electrochemical energy storage market is in its early stages but is poised for rapid growth, driven primarily by lithium-ion battery systems. The market is fueled by the

[BESS cost breakdown in Argentina 2025](#)

The cost of BESS has fallen significantly over the past decade, with more precipitous drops in recent years: This is nearly a 70% reduction in three years, owing to falling battery pack prices (now as low ...

[Cheapest Battery Energy Storage System Supplier in Argentina 2025](#)

Businesses across Buenos Aires and Córdoba are scrambling for cheap battery energy storage systems (BESS) to slash power bills. With solar tariffs rising and grid instability worsening, companies need ...
