High customer valueHigh reliabilityHigh energy yieldBIFACIAL DUAL GLASS MONOCRYSTALLINE MODULE Price does not include VAT• Lower LCOE (Levelized Cost Of Energy), reduced BOS (Balance of System) cost, shorter payback time• Lower r Solar. Your order will be shipped to the US address of your preferred freight forwarder, and then they will deliver it to your final destination. Choose from hundreds of solar panels ready to ship to your location Ask questions about the purchasing process and finalize the invoice Pay for you order and. Island Solar is based in Nassau, Bahamas and is committed to installing safe, high quality, code compliant and long lasting solar electric (photovoltaic) systems in the Bahamas and across the Caribbean. We specialize in commercial systems from 50 kW to multi-megawatt utility scale systems. We evaluate your home or business's energy usage and utility rate to determine potential solar savings. DOUBLE SIDED POWER GENERATION -. Manufacturers are now able to produce bifacial panels, which feature energy-producing solar cells on both sides of the panel. With two faces capable of absorbing sunlight, bifacial solar panels can be more efficient than traditional monofacial panels - if used appropriately.
