

Can I take a shower with a solar generator

Overview

Yes, you can shower with a Generator running, but only if your water system and Generator size match up and you're sticking to safe practices. Solar Generator for Outdoor Shower Outdoor showers have long been a favorite among beach-goers who want to cool off on hot summer days or clean up before doing some gardening. You can't stay dirty simply because of lack of power. In order to stay clean and healthy, use basic knowledge to set up an outdoor shower during camping or emergencies.
