

# Can smart lockers be used overnight

## WORKING PRINCIPLE

## Overview

---

Packages can be picked up 24 hours a day, 7 days a week from many USPS Smart Locker locations. The package is kept in the locker for 5 calendar days; you will be sent 2 reminder emails during that time. USPS® Smart Package Lockers are electronic, keyless parcel lockers that provide a safe, secure, and convenient package delivery and returns alternative for both package recipients and shippers. It mainly provides users with convenient storage services through electronic locks, touch screens, and other technical means. Periodic checks on hardware components and network connectivity ensure continued performance. For this blog, I will borrow 5 minutes of your precious time to tell you about smart locker's workings and.

## Can smart lockers be used overnight
