

Canadian 100kW off-grid inverter manufacturer

Overview

Canadian Solar's grid-tied, transformer-less string inverters help to accelerate the use of three-phase string architecture for commercial rooftop and small ground-mount applications. An NRTL approved, cost-effective alternative to central inverters, these inverters are modular design building. For reliable energy solutions, our Off Grid Inverter 100kw stands out as an ideal choice for any energy project. EG4's hybrid inverters are designed for off-grid and backup power setups with high PV input, battery support, and true split-phase output. Perfect for cabins, homes, and full off-grid installs. 6000XP, 12kPV, and 18kPV.

Canadian 100kW off-grid inverter manufacturer
