[DOMINICA SET TO FLIP THE SWITCH: 10MW GEOTHERMAL PLANT TO ...](#)

Roseau, Dominica -- In what could become one of the most transformative energy milestones in Caribbean history, Dominica is officially counting down to the activation of its long-awaited 10-Megawatt ...

[IRC Evaluates Dominica's Electricity Generation Projects for 2025](#)

6-Megawatt Battery Energy Storage System (BESS) at Fond Cole near the existing thermal station: This project is designed to help DOMLEC better integrate the 10MW Roseau Valley geothermal ...

[Island nation launches bold initiative to pull power from volcanic rock](#)

The Caribbean island of Dominica depends on generators fueled by dirty energy to power the needs of its 66,000 residents and a booming tourism sector. But that's about to change. Dominica is going ...

[Dominica Energy Storage Power Station Project](#)

The goal of these projects is to build generation capacity to meet the increasing demand for energy nationally, while also reducing the Dominica Electricity Services Ltd. reliance on fossil fuels for electricity

[Dominica Builds Geothermal Plant to Power Future](#)

Slated to go online by year-end, the facility aims to end the country's reliance on diesel-powered electricity and reduce energy costs for Dominica's 66,000 residents and growing tourism sector.

[Dominica nears completion of geothermal plant set to power 23,000 ...](#)

Once operational, it will power approximately 23,000 homes, marking a transformational step toward Dominica's goal of becoming the world's first climate-resilient nation.

[DOMLEC Begins Final Commissioning of Battery Energy Storage System](#)

The BESS, with a combined capacity of 6MW/6MWh, will greatly enhance DOMLEC's ability to manage the electricity grid more efficiently, provide spinning reserve, and support the stability of the system ...
