

Duandian Township Solar Power Generation Project

Duandian Township Solar Power Generation Project

[Washtenaw Solar Energy Center](#)

The proposed Washtenaw Solar facility will generate clean energy, create family-sustaining jobs and make economic investments in our communities for the future.

Press and News

The White Tail Solar Project is a 120-megawatt solar farm approved for Augusta and York Townships in Washtenaw County, Michigan. Spread across 1,160 to 1,500 acres of farmland, it will ...

Major Solar Projects List

SEIA makes major solar project data available to the public through the map below. SEIA members have exclusive access to the list as a sortable, searchable MS Excel file that is updated monthly.

[Michigan Solar Farm Map & Project List](#)

Interactive map of solar farms in Michigan. View project locations, the largest developments, and capacity data.

Solar Energy , DTE Energy

We're adding even more solar energy to the grid, the least expensive way to provide all Michiganders with access to solar power. Our new solar parks will include the latest panel technology so we can ...

[Petitions circulate to keep local control of renewable energy projects](#)

The engineering firm determined that the solar farm project described in the application did not comply with the township ordinance. About 14 months later DTE returned to resubmit their ...

[Michigan Solar Communities Guidebook](#)

Utility-scale solar power plays a central role in the reduction of carbon emissions for utilities and the number of large scale solar projects is consistently increasing.⁹ This applies to DTE Energy, ...

Project Map , DTE Energy

Our projects create jobs, provide economic benefits to local communities and help protect the environment for future generations. Download a map of our renewable energy projects.

Illinois Solar Map

As of Nov 2025, over 4,944 megawatts of operating solar capacity have been installed in the State of Illinois. This map allows you to explore solar projects by Census Tract, Place, County, and State ...

[List of wind and solar projects in the Midwest.](#)

Wind and solar energy in Iowa, Illinois, Indiana, Michigan, Minnesota, Missouri, North Dakota, South Dakota, and Wisconsin.
