

Energy company invests in 10MW outdoor cabinet

ESS

Overview

Chinese storage manufacturer Dunext has introduced a new integrated outdoor battery energy storage cabinet for commercial and industrial use. Dubbed Powerhill, the storage cabinet uses lithium iron phosphate (LiFePO₄) batteries with a capacity of 233 kWh. While the energy storage capacity of grid batteries is still small compared to the other major form of grid storage, with 200 GW power and 9000 GWh energy storage worldwide as of 2025 according to, the battery market is catching up very fast in terms of power generation capacity as price drops. 2 Billion in 2024 and is projected to reach USD 2. The Outdoor Integrated Power Cabinet Market is a rapidly growing segment in the energy sector, driven by the increasing. Summary: Outdoor energy storage cabinets are revolutionizing industries like renewable energy, telecommunications, and grid management.
