

Energy storage container is the first of its kind in Narada

Overview

Narada Power has announced the global availability of its Center L Ultra BESS, a 6.25 MWh liquid-cooled solution housed in a standard 20-foot container, that is designed for two- to eight-hour applications. Global installed capacity is up to 8 GWh, and energy storage services benefit more than 40 countries. With more than 17 years' experience in energy storage, Narada becomes the integrator of battery energy storage system technologies. Constantly focus on three application fields: power generation, grid and. Chinese manufacturer Narada Power has commenced global shipments of its Center L Ultra 6.25 MWh liquid-cooled battery energy storage system (BESS), while its solid-state variant remains in the pipeline. The system delivers a capacity of 6.25 MWh housed. Shanghai, June 11-13, 2025 – Narada Power Source made a significant impact at the SNEC PV+ 2025 International Solar Photovoltaic and Energy Storage Exhibition, held at the Shanghai National Convention Center.

Energy storage container is the first of its kind in Narada

Narada Power

Narada integrates the concept of sustainable development into the whole process of operation. We are spearheading in the global hottest energy storage events. 130MWh! Narada Expands Its Energy ...

[Narada bets on full-stack energy storage ecosystem and solid-state ...](#)

Chinese storage manufacturer Narada Power is banking on a vertically integrated "closed-loop" strategy and next-generation solid-state battery technology to strengthen its position in ...

New Energy Storage

Narada is one of the first batch of enterprises in the world to pass UL9540 certification of MW class container energy storage system. Passing UL9540 certification means that Narada will have ...

[Narada begins global delivery of its 6.25 MWh liquid-cooled battery](#)

Narada Power has announced the global availability of its Center L Ultra BESS, a 6.25 MWh liquid-cooled solution housed in a standard 20-foot container, that is designed for two- to eight ...

[Battery Energy Storage Systems](#)

The Narada NESP Series LFP High Capacity Lithium Iron Phosphate batteries are designed for a broad range of Battery Energy Storage Solutions (BESS) providing a wide operating temperature range, ...

[Narada Unveils Center L Ultra 6.25 MWh Liquid-Cooled ESS](#)

Narada has announced the upcoming mass production of its Center L Ultra liquid-cooled energy storage system, once again demonstrating its strong technical capabilities in the energy ...

[Narada's New Energy Storage System Set to Transform Global Power](#)

With the introduction of the Center L Ultra energy storage system, Narada reaffirms its position as a leader in energy storage innovations. By combining efficiency, safety, and adaptability, this system is ...

[Narada's Center L Ultra 6.25MWh Liquid-Cooled Energy Storage ...](#)

The system delivers a capacity of 6.25MWh within a standard 20-foot container, making it suitable for energy storage applications ranging from 2 to 8 hours. The system features an innovative ...

[Container energy storage is the first in china by narada power](#)

The January announcement of China's first commercial energy storage project -- a 1.5-megawatt, 12-megawatt-hour battery project for GCL Silicon, a solar-cell polysilicon maker -- was the first time ...

[Narada Power Showcases Groundbreaking New Products and ...](#)

Center L Ultra 6.25MWh Energy Storage System: Utilizing self-developed and manufactured ultra-large capacity batteries and an integrated AC/DC design, this system achieves a remarkable 6.25MWh ...
