

Free consultation on wind-resistant mobile energy storage containers in Hungary

Application scenarios of energy storage battery products

Overview

Ready to explore energy storage solutions for your project?

Contact our team or message via WhatsApp at +86 138 1658 3346 for a free consultation. Visit our Blog to read more articles. Public consultation has begun on the tender titled "Support for renewable-based energy production and energy storage for businesses" planned to be announced under the Jedlik Ányos Energy Program. The proposal is currently open for public feedback until 24 June. These modular systems act as "energy shock absorbers," stabilizing grids while accelerating the transition to solar and wind power. Let's explore why this t. On 14 August 2023 the Hungarian Government issued Gov. Decree 382/2023 (" Decree ") establishing the legal framework for the implementation and functioning of the new Contracts for Difference (" CfD ") support scheme for electricity storage operators (" Storage CfD Scheme "). The scheme was approved under the State aid Temporary Crisis and Transition Framework, adopted by the. litating the smooth integration of high-capacity of variable renewable energy sources in the system.
