

# HS code for photovoltaic equipment bracket

## Overview

---

Iron solar brackets: classified under 7308. Parts of photovoltaic equipment not specifically listed: A photovoltaic bracket (also known as a solar panel mount) is a structure designed to support and secure solar panels on a variety of surfaces. If common components are declared separately, they must be classified according to their actual state, following the principle of specific listing priority: Iron solar brackets: Average import price for solar panel bracket under HS Code 85309000 was \$35.
