

High-efficiency smart photovoltaic outdoor cabinets for base stations

Overview

SWA ENERGY outdoor cabinets are engineered for harsh environments and long-term outdoor operation. With IP54/IP55 protection, anti-corrosion design, and intelligent temperature control, they are ideal for telecom base stations, remote power supply, and containerized microgrids. What is an Outdoor Photovoltaic Energy Cabinet for base. This EG outdoor Battery Energy Storage System (BESS) features a 100KW Power Conversion System (PCS) and a 215KWH LiFePo4 battery system. It is a unified power supply platform system that supports various AC and DC input and output formats, meeting. HBOWA PV energy storage systems offer multiple power and capacity options, with standard models available in 20KW 50KWh, 30KW 60KWh, and 50KW 107KWh configurations. You can add many battery modules according to your actual needs for customization.
