

High quality din rail breaker in Kenya

Overview

We offer high-quality Miniature Circuit Breakers (MCBs) in Kenya from ABB, Siemens, Schneider Electric, Eaton, Rockwell Automation and Lovato. The Din Rail 1mm 2mtr is a standardized metal rail used for mounting various components in electrical panels, distribution boards, and industrial control systems. This DIN rail is designed to provide a secure and organized mounting platform for circuit breakers, terminal blocks, relays, and other. The 1.0mm thickness ensures robust support and secure attachment for various modular devices. Compliant with UL1077 standards, this circuit breaker offers robust protection against short circuits and overloads when installed. Circuit Breaker: Used to protect low voltage electrical systems from damage caused by over current, overload or short circuit. With a 63A power rating, it features an auto-recovery function, clear voltage and current displays, and multi-functional safety protections, ensuring.
