

Home solar lights have three lights on

Overview

Easy to operate with a simple switch, these lights offer three modes to customize your lighting: dim or high light when motion is detected; no light or high light when motion is detected; or medium light/always on. All three work from dusk to dawn. They offer 3-versatile lighting modes. The motion - activated mode turns on when people approach, providing security. Made from weather-resistant plastic, this nearly 75" tall lamp post is perfect. ➤

MULTIPLE APPLICATIONS - The compact, powerful spotlight, 10ft connection cable and remote panel make this ideal for any outdoor lighting application. Light up a tree, house wall or column or use the included stake extender to point the heads down to light up a walkway, pathway or garden stone. ➤. Over the past two years, we've tested 78 different outdoor lights (you read that right), including solar pathway, smart, spotlights, lanterns, wall-mounted, and string lights.
