

How to sign a contract for photovoltaic panels

Overview

To effectively sign a contract for solar energy installation, it's important to understand 1. the legal obligations involved in signing, 3. Contracts often last 20 years or more. You don't buy the system or own anything installed on your property during the term of the contract, you're entitled to use all the power the system produces. You'll probably buy less power from your electricity. Yet, a home solar contract has terms and details you should understand before signing a major, long-term investment. Our templates are designed with industry-specific expertise, helping you save time and reduce the risk of overlooking critical contract components.
