

# Huawei Colombia PV Energy Storage Project

## Overview

---

Located in the city of Barranquilla in northern Colombia, this project will consist of a 45 MWh lithium-ion battery energy storage system and is expected to reach commercial operation by June 2023. It builds a product ecosystem centered on solar inverters, charge controllers, and energy. PVTIME - Canadian Solar Inc. (the "Company" or "Canadian Solar") (NASDAQ: CSIQ) announced it has been awarded the first utility-scale battery storage project in Colombia of 45 MW / 45 MWh. [pdf] Renewable energy sources and technologies have the potential to provide solutions to the energy problems. The revised rules aim to correct past design flaws and attract new players to the Colombian electricity market.

## Huawei Colombia PV Energy Storage Project
