

Huawei tunisia new energy storage project

Overview

The project, considered the world's largest solar-storage project, will install 3.5GW of solar photovoltaic capacity and a 4. [pdf]. Tunisia's Minister of Industry, Mines and Energy, Fatma Thabet Chiboub, met on Friday, September 12, with Philippe Wang, Huawei's Regional President and Head of Digital Energy Strategy for North, West, and Central Africa, covering 28 countries including Tunisia. Talks focused on boosting Tunisia's. HUAWEI FusionSolar advocates green power generation and reduces carbon emissions. It provides smart PV solutions for residential, commercial, industrial, utility scale, energy storage systems, and microgrids. France-based Qair International will build a 100 MW facility in the Kasr region of Gafsa province and a 200 MW project.
