

Installation drawing of photovoltaic panels on the second floor terrace

Overview

This AutoCAD DWG file offers a comprehensive 2D drawing detailing the installation of solar panels on the terrace of a residential bungalow. Space requirements and layout for photovoltaic and solar water heating system components should be taken into account early in the design. Photovoltaic modules installed on a pitched roof or facade occupy an area of about 8 m²/kWp. It also shows walls, doors, stairs, built in cabinets and mechanical equipment. These setups make homes eco-friendly and wise investments.
