

Is solar rooftop power generation a scam

Overview

But, yes, there are some rooftop solar scammers out there. Did a salesperson knock on your door and promise free rooftop solar panels at no cost to you?

Or say you'll never have to pay another electricity bill because government programs, grants, or rebates cover your solar installation?

It's likely a scam. Scams, schemes and straight-up fraud abound in the dark underbelly of an otherwise light-filled industry. It's a very small percentage of rooftop solar companies, but it would be a lie to pretend. The Federal Trade Commission is warning consumers about the growing number of solar scams - ConsumerAffairs Don't rush into anything - the sun will come out tomorrow, you know! What does every good idea seem to attract?

A scam! With solar panel prices dropping due to increased production and. Many homeowners never get any solar equipment installed; those who do often get shoddy work. The criminals are leaving unsuspecting homeowners with massive debt; many victims have reported losing tens of thousands of dollars. The con starts with a fast-talking salesperson offering a "limited time. The solar industry's explosive growth has created real opportunities for homeowners to save money and reduce their carbon footprint.
