

Italian solar container lithium battery management system BMS manufacturer

Overview

At the core of ENERPACK is the HERMES M3 Battery Management System (BMS), a cutting-edge technology entirely developed and manufactured in Italy. This proprietary software, crafted in-house by BRUNO's R&D team, reflects the company's expertise in both electronics and mechanical. Seri Industrial is a company listed on the EXM Stock Exchange of Borsa Italiana, supporting the energy and ecological transition. From the active material (Lithium - Iron - Phosphate), through the production of the cell using a water-based process, to the battery system including our BMS (battery). SolarEdge e-Mobility specializes in integrated powertrain solutions for the electric vehicle market, highlighting their expertise in converting and managing vehicle systems. With over two decades of experience, they are well-equipped to handle complex projects related to battery packs. Intercable. ENERPACK is BRUNO's innovative energy storage solution, featuring advanced lithium battery technology. Its intelligent load management system prioritizes. From the projects we have carried out, we have accumulated experience which has led us to develop tools such as alarm, HMI and remote GPS displays and electronic cards for information exchange.
