

Longi Solar Photovoltaic Solar Power Generation

18650 CELL

18650 Battery Pack 2S1P

18650 Battery Pack 4S1P

Overview

With 15 manufacturing bases and more than 30 branches around the world, LONGi produces monocrystalline silicon wafers, panels and modules, delivering solutions for distributed and ground mount power station systems, promoting the development of the global PV industry and driving. With 15 manufacturing bases and more than 30 branches around the world, LONGi produces monocrystalline silicon wafers, panels and modules, delivering solutions for distributed and ground mount power station systems, promoting the development of the global PV industry and driving. At the key node of intergenerational transition of global Photovoltaic (PV) technology, the back contact (BC) cell technology is leading the new-generation PV technology paradigm revolution, becoming the core engine to drive industry cost reduction and efficiency improvement and realize energy. Design institutes/companies/individuals worldwide are invited to submit design proposals for solar power plants using LONGi's Hi-MO 9 modules. LONGi's technological and manufacturing leadership in solar wafers, cells and modules underscores our commitment to helping accelerate the clean energy. Chinese solar technology giant Longi Green Energy Technology Co Ltd announced two new world records for solar cell efficiency recently, further cementing China's leading position in the global photovoltaic industry. The breakthroughs include a 33 percent conversion efficiency for a commercial-size. Longi is the world's leading solar manufacturer, consistently making Top-10 solar brands. By offering high-quality, reliable products and systems, we provide holistic solutions for the solar and renewables. Moderated by TaiyangNews' Michael Schmela and RCT Solutions CEO Peter Fath, the panel on How to Choose the Right Strategy for Solar Manufacturing in India brings together a distinguished lineup of decision-makers. Longi Solar Photovoltaic Solar Power Generation

[LONGi Solar , Leading Global Solar Energy Solutions](#)

LONGi leads the solar energy revolution with PV technology, delivering high-efficiency modules, solutions, and full-cycle quality assurance.

[LONGi announced two new global solar cell efficiency records](#)

On June 12th 2025, at the highly anticipated SNEC 18th (2025) International Photovoltaic Power Generation and Smart Energy Conference & Exhibition, LONGi announced two groundbreaking

[Longi sets two world records for solar cell efficiency](#)

Chinese solar technology giant Longi Green Energy Technology Co Ltd announced two new world records for solar cell efficiency recently, further cementing China's leading position in the ...

[Expert Review of LONGi Solar Panels](#)

Our list was compiled based on numerous factors, most notably the financial strength of the company, length of business, and customer reviews. We will break down the types of LONGi solar panels ...

Longi solar panels

Longi offers a wide range of solar panels for both residential and commercial applications, designed to meet the specific needs of different customers. For residential installations, Longi ...

[LONGi Solar Panels & PV Modules](#)

Backed by advanced technologies, LONGi solar panels feature excellent power ratings and top conversion efficiencies, and can be used across all market segments. LONGi's field-proven bifacial ...
