

# Maldives energy storage project investment

## Overview

---

The Government of Maldives has awarded a contract to a Chinese consortium to install 38 megawatts (MW) of battery energy storage systems (BESS) across 18 islands, in a bid to enhance renewable energy capacity and reduce dependence on fossil fuels. The initiative, backed by the Asian Development Bank, is a key part of the Maldives' energy strategy. In the Maldives, solar panels have become a symbol of a country that rewrote its energy story. Behind the rapid rise in clean power lie institutions and frameworks strengthened to plan, manage, and scale solar, wind, and other clean power infrastructure. The BESS installations will support high.

## Maldives energy storage project investment
