

# Maldives replaces solar air conditioner

✓ LIQUID/AIR COOLING

✓ ON GRID/HYBRID

✓ PROTECTION IP54/IP55

✓ BATTERY /6000 CYCLES

## Overview

---

The authorities are working on finishing the rollout of solar-powered air conditioning systems in the classrooms of all public schools across the Maldives by September, says President Dr. He made the remark in an address at a rally in R. Hulhudhuffaarun. President Dr. Mohamed. This centralised chilled-water system replaces hundreds of traditional air-conditioning units with a singular, high-efficiency system. The resort has been using solar energy as its main source of electricity since. Once fully implemented, the solar systems have the potential to supply up to 50% of the islands' energy demand on sunny days Image: The Ritz-Carlton resort, Fari Islands already has several solar panel installations. Source: Ritz Carlton/Facebook A four-island archipelago in the Maldives is to.
