

New Scam on Solar Power Subsidy

Overview

With solar panel prices dropping due to increased production and technological advances and their efficiency improving, scammers are going door to door promising sorts of goodies: free rooftop solar panels at no cost to consumers and telling people that they'll never have to. With solar panel prices dropping due to increased production and technological advances and their efficiency improving, scammers are going door to door promising sorts of goodies: free rooftop solar panels at no cost to consumers and telling people that they'll never have to. Did a salesperson knock on your door and promise free rooftop solar panels at no cost to you?

Or say you'll never have to pay another electricity bill because government programs, grants, or rebates cover your solar installation?

It's likely a scam. While there are some government-funded solar. If you've received an offer for "free solar panels," it could be a scam. Always look for businesses you can trust - like Accredited Businesses using the BBB Seal. (Photo by Sean Gallup/Getty Images) SEATTLE — Scammers across the U. are going door-to-door, pitching “free” solar energy systems. Your choice affects how much you spend, up front and over the life of the system. “The debt incurred to buy the system “elevates the risk that the consumer will.
