

North american outdoor telecom enclosure corrosion-resistant type

Overview

The OD Series, including the WOD-62DXC, is purpose-built for NEMA 4X applications, offering superior protection against corrosion, dust, and water ingress. Each weatherproof outdoor enclosure is rated NEMA Type 3, 4, 5, or 6 and undergoes rigorous field testing to ensure reliability in demanding outdoor environments. Featuring corrosion-resistant materials, advanced thermal management, and customizable designs, these NEMA-rated enclosures are perfect for energy storage, telecommunications, and industrial applications. Protect your equipment with AZE's reliable, shock-resistant, and UV-proof solutions Integrated. The WOD-62DXC NEMA enclosure (63"H x 32"W x 30"D, 33 RU) is a heavy-duty, all-weather solution designed for telecom and mission critical applications. Built from AlumiFlex®, a lightweight yet durable material, it provides steel-like strength to support the heaviest equipment. We also offer customizable options to meet your unique needs. These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices.
