

Omega solar inverter in China in Sudan

Overview

As Sudan faces increasing energy demands and grid instability, solar power systems paired with lithium batteries are becoming the go-to solution. This shift from traditional lead-acid to lithium-ion technology in inverters is transforming how homes and businesses store. A recent home installation project in Khartoum, the bustling capital city situated on the banks of the Nile, demonstrates just how transformative solar energy can be when paired with high-performance equipment offered at a competitive price. Sudan is geographically blessed with abundant sunlight. Empower and UNDP bring solar-powered clean water to Medani communities. Empower & UNDP deliver 84 solar water systems in Abu Hamad, a major irrigation project in Sudan with LONGi solar panels, Jntech inverters, Italian Pentax pumps, and sturdy i-section beams. Risen Energy is one of 10 companies in the Tier 1 Bloomberg group, leading the markets of China, Germany, Australia, Mexico, Japan and the US. Reliable off-grid systems for hospitals and clinics; powering critical equipment, lighting and vaccine fridges.

Omega solar inverter in China in Sudan
