

# Philippines cebu energy storage investment project

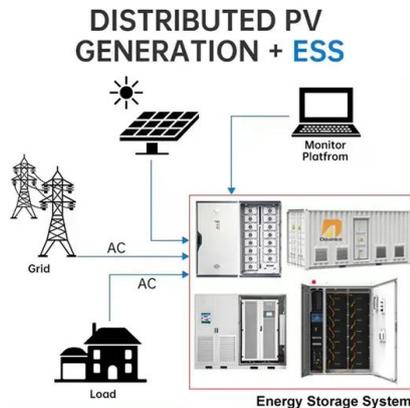

## Overview

---

(MGen) is set to roll out a 49 MW battery energy storage system (BESS) in Toledo, Cebu, with 25 MW to be delivered by 2026. The project aims to support grid stability in the Visayas and advance the Philippines' transition to clean energy. The company said on Wednesday (16 July) that construction will begin imminently on the BESS asset. It will be integrated into an existing operational thermal power. Meralco PowerGen Corp. broke ground on a pioneering P1., through subsidiary East Asia Utilities Corp.
