

Photovoltaic panel installation in Jidian

Overview

It is planned to build the world's first 1GW perovskite Photovoltaic production line, 100-ton perovskite quantum dot production line, R&D innovation center, and headquarters building. The project is expected to be completed in 2024 and fully operational in 2027. They also provide. On Apr, the Jidian Solar Perovskite Industrial Base Project officially started in Xishan Economic and Technological Development Zone. 191 billion yuan to build the first three phases of the 420 MW photovoltaic project in Shandong Weifang Scenery Storage Multi-energy Complementary Pilot Project; Tianyi is superior: Wu Peifang, the actual controller and chairman. Jidian Solar PV Park is a 19. According to GlobalData, who tracks and profiles over 170,000 power plants worldwide, the project is currently active. Post completion of construction, the project got. SMM has learned that on the evening of December 12, Jidian Shares announced that its wholly-owned subsidiary, Inner Mongolia Jidian Smart Energy Co., and its wholly-owned subsidiary, Huai'an Zhengrun New Energy Power. Associated Press, August 19 (Xinhua) -- Jidian announced that its subsidiary plans to invest in the construction of Guangxi Tiandong 100000 kW affordable photovoltaic power generation project, with a total investment of 576 million yuan; It is proposed to invest in the construction of 100000 kW.
