

Pole mounted circuit breaker in Canada

Overview

Explore our selection of double pole circuit breakers to find the right fit for your specific needs and requirements. Some products may be subject to Environmental Handling Fees (EHF) depending on your province. Stab-Lok circuit breakers are one, two, and three pole thermal magnetic circuit breakers that provide arc fault circuit interrupters for Federal Pioneer panels. This breaker is a two pole 30A, 120/240VAC moulded case. QOU230 - Square D Bolt-On Unit Mount Circuit Breaker Square D miniature circuit breaker has a voltage rating of 120/240 Volts current rating of 30 Amps and interrupting rating of 10 kilo-Amps. Also known as circuit protectors, they shut off the power when the levels get too high in order to prevent personnel injury or damage to equipment and circuitry. No other manufacturer offers this complete line. RELIABLE MECHANISM: Featuring an over-center, trip-free toggle mechanism with quick-make, quick-break.
