

Residential solar seychelles

Overview

Seychelles enjoys stable and favorable solar irradiation year-round, with relatively high sunshine hours, even during the wet season. As part of its Green Energy Initiative, the Government of Seychelles has launched a newly revamped Residential Photovoltaic Scheme, known as PV Rebate 2. The scheme encourages households to invest in and install photovoltaic (PV) systems to reduce reliance on electricity. Home Why Solar PV What size do I need?

Founded in 2010, VetiverTech has installed over 200 solar photovoltaic (PV) systems for homes, schools, hotels and businesses on Mahe, Praslin and La Digue. To. We supply and install high quality solar energy systems and solar hot water products in the Seychelles. Our aim is to provide reliable technologies including photovoltaic panels and dependable installation service. Certified by Seychelles Energy Commission Approved by PUC Use solar energy. By mid-2025, Seychelles is poised to take a significant leap in renewable energy with the launch of its first floating solar farm—the largest in Africa. 0, was officially launched yesterday morning during a press conference at Liberty House.
