

# Resort uses 30kW integrated energy storage cabinet

✓ LIQUID/AIR COOLING

✓ ON GRID/HYBRID

✓ PROTECTION IP54/IP55

✓ BATTERY /6000 CYCLES

## Overview

---

With a capacity of 60KWH and a power output of 30KW, it supports peak shaving, load shifting, and renewable energy integration. Its all-in-one design simplifies installation and operation, while advanced energy management ensures high efficiency and reliability. Equipped with a robust 15kW hybrid inverter and 35kWh rack-mounted lithium-ion batteries, the system is seamlessly housed in an IP55-rated cabinet for enhanced protection against water. Discover our high-efficiency, modular battery systems with zero capacity loss and rapid multi-cabinet. As the world embraces sustainable tourism, island eco-resorts are turning to solar microgrids to achieve energy independence and reduce their environmental footprint. Combining high-voltage lithium battery technology with an integrated hybrid design, this 60KWH all-in-one energy storage cabinet hybrid ESS system is ideal for. Looking for a versatile outdoor energy storage solution?

Check out our 30 kW/90 kWh cabinet! Perfect for demand regulation, peak shifting, and C&I energy storage, with a flexible split design and easy Individual pricing for large scale projects and wholesale demands is available.
