

Small-batch procurement of Abu Dhabi photovoltaic IP54 outdoor cabinets

Overview

A significant step towards enhancing its renewable energy landscape has been initiated by Abu Dhabi, as it officially announced the launch of a competitive bidding process for the 1.5-gigawatt (GW) Al-Zarraf solar independent power project (IPP). Explore the initiatives launched by the Department of Government Enablement to encourage small businesses and entrepreneurs. Be a part of the public sector ecosystem. Building and. The Zarraf Solar PV project, situated in the Al Zarraf area of the Al Dhafra Region, is expected to supply electricity to around 160,000 homes. The selected developer or consortium will be responsible for the plant's development, financing, construction, operation, maintenance and ownership. Abu Dhabi's Emirates Water and Electricity Company (Ewec) has issued a request for proposals (RFP) to pre-qualified companies for the development of the 1,500-megawatt (MW) Zarraf solar photovoltaics (PV) project.
