

# Solar module 72 double glass size

## Overview

---

The JA Solar JAM72D42-635/LB is an n-type double-glass bifacial monocrystalline module with a rated maximum power of 635 W and a module efficiency of 22. The dual-glass construction increases mechanical robustness and environmental resistance while enabling additional rear-side. For the same area, the power generation is 7%+ higher than TOPCon and 15%+ higher than PERC. Lower O&M cost High temperature restriction and micro-crack resistance, front grid free, ensuring roof safety, reducing module failure. Trina Solar's DUOMAX 72-cell Modules offer a revolutionary frameless, dual-glass design for rooftop and ground-mount solar installations. With lower degradation rates and higher annual and lifetime energy production that is ~25 percent higher than traditional framed modules, the DUOMAX's enhanced. For use in large-scale PV projects Benefit from the wide range of national and European PV subsidy options. These are offered by various public bodies, organisations and companies. Find out. The Jupiter series provides highly efficient solar power with modules ranging from 430W to 655W, offering versatile solutions for residential, commercial and utility-scale installations. Featuring advanced TOPCon and half-cut cell technology, the Jupiter series delivers up to 23. Hunan Rich Photovoltaic Technology Co.

### JA Solar JAM72D42-635/LB

The JA Solar JAM72D42-635/LB is an n-type double-glass bifacial monocrystalline module with a rated maximum power of 635 W and a module efficiency of 22.7%. The dual-glass construction increases ...

[JA Solar Products - Sustainable Solutions for Residential, ...](#)

Solar panel For use in large-scale PV projects, 72 cells, 182/197mm, N-Type TOPCon, Double Glass, Bifacial

[Colored PV Module, Colored Double Glass Solar Panel, DAH Solar](#)

DAH SolarDAH Solar leads PV innovation with patented Full-Screen Modules, SolarUnit systems, and full-process production for high-performance green energy solutions.

### [DAS-Solar-72 Pcs Bifacial Double Glass Module](#)

With distinctive features, they are characterized by better double glass gains, thus being first choice of large power plants.

[HT72-18X \(ND\)-F , Double Glass , HT Solar](#)

The Jupiter series provides highly efficient solar power with modules ranging from 430W to 655W, offering versatile solutions for residential, commercial and utility-scale installations.

[Dual Glass Half-cut Cell Mono Solar Module](#)

The bifacial technology enables additional energy harvesting from rear side (up to 25%), and thanks to the half-cut technology, the cell internal resistance is reduced, which provides an additional module ...
