

Solar panel generators have a 25-year warranty

Overview

Frankly, there's not a ton of variability across the industry; nine times out of 10, your panels will come with a 25-year power performance warranty. However, as technology advances, manufacturers are starting to offer longer warranty periods. Two Warranty Types Protect Different Areas: Product warranties (10-25 years) cover equipment defects and failures, while performance warranties (25 years) guarantee minimum power output of 90% at 10 years and 80-85% at 25 years. REC panels come standard with a. A standard solar panel warranty should come with at least 10 years of protection, though many premium options now offer 25 or even 30+ years of coverage. Although the average panel lifespan is estimated at around 30 years, most clean energy systems pay for themselves in energy savings in just 12 years. Unlike other solar installers who use “soft” numbers to tell customers what their PV system could generate if their home meets very specific conditions, Solar Optimum is as.
