

# Solar panel installation in the Democratic Republic of Congo

## Overview

---

List of Congolese solar panel installers - showing companies in DR Congo that undertake solar panel installation, including rooftop and standalone solar systems. IZUBA is a solar energy company established in the Democratic Republic of Congo and headquartered in Goma / North-Kivu, that specializes in EPCM (engineering, procurement, construction and management) services for grid-tied and off-grid / mini-grid solar PV projects. This project, developed in partnership with the Africa Finance Corporation (AFC), aims to generate 200 megawatts (MW) of solar energy. Committed to revolutionizing the energy landscape, we offer a complete range of Sunsynk solar solutions for the residential, commercial and industrial sectors.

## Solar panel installation in the Democratic Republic of Congo

---

### [Congo Republic solar photovoltaic electricity](#)
