

Solar photovoltaic power generation free of charge

Overview

The short answer is no, you can't get free solar panels from the government. That being said, there are many incentives put in place by the Federal Government to help homeowners transition to solar energy to power their homes. Some PV cells can convert artificial light into electricity. Sunlight is composed of photons, or particles of solar energy. These photons contain varying amounts of. If you invest in renewable energy for your home such as solar, wind, geothermal, fuel cells or battery storage technology, you may qualify for an annual residential clean energy tax credit.
