[Solar Energy Generation by State Report February 2026](#)

Discover the best states for solar power production in the country with our February Solar Energy Generation Report. Where does your state rank?

[Renewable Energy Production and Use by State in 2026 , The Motley Fool](#)

Which states generate and use the most renewable energy? These stats show renewable energy by state and will answer your questions.

[Data dashboard tracks renewable energy progress in your state](#)

The State of Renewable Energy data dashboard tracks capacity and generation totals for each state from 2015 through 2024. It tracks progress on solar, wind, battery energy storage, and EV ...

[Solar Capacity by State 2026](#)

This report summarizes the latest statistics on solar power capacity by state and highlights the top U.S. states in solar power generation.

[Solar State By State - SEIA](#)

Explore the latest solar market insights and policy updates in all 50 states and Washington, D.C. All market data is current through Q3 2025. California leads as the top solar state. With over 54 GW of ...

### [Solar power generation drives electricity generation growth over the](#)

We expect the combined share of generation from solar power and wind power to rise from about 18% in 2025 to about 21% in 2027. In our STEO forecast, utility-scale solar is the fastest ...

### [Solar power in the United States](#)

Solar power includes solar farms as well as local distributed generation, mostly on rooftops and increasingly from community solar arrays. In 2024, utility-scale solar power generated 219.8 terawatt ...

### [Which State Generates The Most Solar Power?](#)

Discover which U.S. state generates the most solar power and how solar capacity varies nationwide.

CE UN38.3 MSDS

### [Chart: Which US states generate the most solar and... , Canary Media](#)

Chart: Which US states generate the most solar and wind energy? A new report tracks how renewable energy is transforming the nation's electricity mix, state by state.
