

# Solar powered devices factory in bolivia

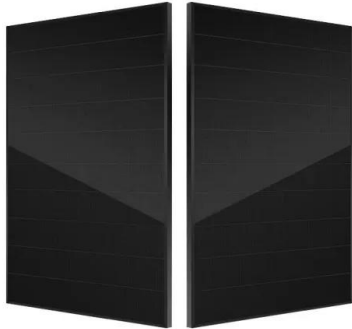

## Overview

---

This article makes the business case for establishing a solar module factory in Bolivia to supply this growing and predictable domestic market. To fully appreciate the opportunity, it is essential to understand the context driving this demand. A Bolivian powerplant surrounded by solar energy. ENDE Corporación/Facebook ANCOTANGA — The. The 120 MW project will contribute to the decarbonization of the Bolivian energy matrix and will benefit more than 318,000 people, consolidating Bolivia's leadership in renewable energies in the region. The Board of Directors of CAF, Development Bank of Latin America and the Caribbean, approved. British producer and exporter of high-quality solar PV modules UKSOL Ltd has supplied 4,500 670-watt high efficiency solar modules for a three megawatt (MW) ground-mounted solar power project for major meat producer Frigorífico BFC in Bolivia. Known for its strategic location and infrastructure, La Paz has attracted a significant number of solar panel manufacturers and suppliers.
