## Overview

---

LEADER® solar PV spanner wrench is a wrench specially used for photovoltaic solar connectors. The body is made of high-strength plastic injection molding. It is durable, light in weight, small in size, easy to carry, and compatible with popular solar connectors. Klein Tools complete PV Connection Solar Tool Set is designed to easily install and maintain solar panels. The Klein Tools professional kit includes the essential tools for installation and maintenance, including a cable cutter, wire stripper, crimper, wrenches and PV connectors. It ensures a safe and efficient setup or maintenance of your solar setup. The rigid metal construction offers professional-level reliability. Compact Cable Cutter for trimming wire to desired length and the socket, which can impact the torque applied.
