

Swiss solar panel curtain wall manufacturer

Overview

Solarwall is your partner for stunning solar façades: we provide access to a wide range of colours, shapes and designs so that you can create truly aesthetic buildings. Solar cladding on buildings makes a real statement – both in terms of sustainability and design. Curtain walling refers to a non-structural cladding system made from fabricated aluminum, commonly used on the outer walls of tall multi-storey buildings. This lightweight material offers ease of installation and can be customized to be glazed, opaque, or equipped with infill panels. With locations across North America, Kawneer offers global technical expertise, champions sustainable construction methods and is building. Solar architecture and the installation of building-integrated photovoltaics (or BIPV) is becoming more and more important. The manufacturers here produce solar panels that maintain the Swiss tradition of high-quality, long-lasting products. With its wide variety of profiles this versatile curtain.

Swiss solar panel curtain wall manufacturer

- ✓ LIQUID/AIR COOLING
- ✓ INTELLIGENT INTEGRATION
- ✓ PROTECTION IP54/IP55
- ✓ BATTERY /6000 CYCLES

[Curtain wall with photovoltaic panel](#)
