

The largest energy storage power station in bulgaria

Overview

The Bulgarian city of Lovech, northeast of Sofia, hosts the strongest battery energy storage system (BESS) in the Balkans. The Ministry of Energy even said the new facility, with a capability of 124.1 MW in operating power was inaugurated in Lovech in Bulgaria. Located next to a photovoltaic park within Balkan Industrial Park, it is part of the country's first closed licensed power distribution system. From pv magazine ESS News site Vienna-based developer Renalfa IPP has started commercial operation at its 25 MW/55. The 202 MW/500 MWh Maritsa BESS, owned by ContourGlobal, is described as a “guarantee for the energy security of Bulgaria” by the country's Energy Minister Zhecho Stankov. Bulgaria is continuing its big battery rollout with the government announcing the commissioning yesterday (8 January) of one. Bulgaria is now home to the largest electricity storage facility in the European Union.

The largest energy storage power station in bulgaria

[Bulgaria inaugurates 496 MWh battery system, announced as EU's largest](#)

Bulgaria has inaugurated a 124 MW / 496.2 MWh battery energy storage system (BESS) in the town of Lovech, described by the Ministry of Energy as the largest such installation currently ...
