

# Three-phase supplier of folding containers for fire stations

## Overview

---

Manufacturer and master distributor of reusable and recyclable folding steel bulk containers with features including fire and impact resistance, powder coat finishes, stacking caps, and skid rails. Other containers also include stack and nest containers, hulk containers, attached lid containers, bulk containers, lock open hopper containers, conductive dividable grid containers, divider box containers, heavy-duty attached top containers, heavy-duty molded plastic containers and pallet. As well as our outstanding line of tanks for the fire service, UPF designs and manufactures fire apparatus storage solutions ideal for fire truck tools. Further, if you are in the market for a fire truck tool box for your ems supplies, fire truck tools, or an SCBA bottle storage rack, UPF will. FOL-DA-TANK® introduced the first patented folding water tank in 1954 to help firefighters get water wherever it was needed. That original design and process for our portable folding tanks have proven so durable and reliable that some of our original products are still in use today. Besides meeting the demand of energy in different scenarios, this container will enable optimized utilization of resources by introducing module design. Stay compliant with NFPA 855 standards for energy storage systems and lithium battery spill containment by using fire-rated storage buildings designed to keep property, people, and the environment as safe as possible. We'll call to discuss a solution that's right for you.
