

Trinidad and Tobago solar Module Project

Overview

Once operational, the Brechin Castle Solar Farm will represent the country's largest renewable energy development to date, helping to diversify Trinidad and Tobago's energy mix, lower carbon emissions, and deliver cleaner energy to the national grid. Trinidad and Tobago has taken a monumental leap forward in its renewable energy journey with the inauguration of the 112.2-MWdc Couva Solar Park, the largest solar project in the Caribbean. This development highlights the nation's commitment to sustainable energy solutions and sets a major. THE LARGEST solar project in Caricom, located right here in TT, will soon open. Spread over. On July 9 th 2025, Dr. the Honourable Roodal Moonilal, Minister of Energy and Energy Industries and the Honourable Ernesto Kesar, Minister in the Ministry of Energy and Energy Industries joined a Ministerial Delegation to visit our country's 92. Located on 238 hectares of land northeast of Point Lisas, the solar farm is a joint venture between BCSL (Brechin. Port of Spain, Trinidad and Tobago — The Brechin Castle Solar Limited, (a joint venture of bp, Shell, and a subsidiary of the National Gas Company of Trinidad and Tobago), on Wednesday welcomed key government officials and stakeholders to its project site in Couva.
