

Ultra-large capacity IP55 outdoor cabinets for data centers

Test certification
CE  FC 

Overview

Discover rugged outdoor data cabinet racks with IP55 protection, stainless steel construction, and secure storage for telecom and solar installations. AZE's 16U IP55 weatherproof outdoor server cabinet enclosures are designed to protect your sensitive network equipment from harsh environments, with waterproof and dustproof features to safeguard it from the elements, while still keeping the equipment secure outside. With front and rear doors, allows easy access for installation and maintenance while the o-ring around each door creates a water resistant seal. There is a diverse range of outdoor data cabinet rack available to accommodate various networking needs and configurations. Wall-mounted cabinets offer a compact solution. These cabinets can vary in size, from relatively small street-side cabinets to large walk-in cabins located trackside green field sites, street-side etc.
