Chat with us Question: How long does it take to fully charge the power station?

Answer: It takes about 6 hours to fully charge the. When you need reliable power on the go, choosing the right power station with USB ports can make all the difference. At first I was slightly annoyed that it required a special power supply. Whether you're facing a power outage, traveling on the road, or spending a day at the beach, the Mega Power Station is the only source you'll need to stay connected and keep your electronics at full power.
