Overview

Chint Solar is a PV module manufacturer founded in 1984 in Zhejiang, China, with international headquarters in Singapore. In 2015, it launched the new EV series of glass-glass PV modules that last longer and capture more sunlight to boost its power generation efficiency rates from. Under the CHINT Group, Astronergy is an intelligent manufacturing enterprise focusing on photovoltaic cells and modules. It has the capacity to design and manufacture various cutting edge. These include using concentrated photo-voltaic (CPV) systems where lenses or mirrors concentrate sunlight on tiny sub-surface solar cells only 1 micrometer thick. In 2015, it. The Future is Here: We are actively implementing solutions for digital intelligence and carbon neutrality. Driven by innovation and exploration, we are committed to building a better, sustainable world together. Explore technical specs, industry trends, and data-driven insights here. In 2015, it launched the new EV series of. NXCC contactor for capacitor switching.
